

Thanks for contributing to the 1st [Distributed E-Learning Roundtable](#) program for the Texas Library Association. Free Tech Tools to Help Librarians Cross Boundaries/ April 15, 2011/ 10:00-11:50 am

I am so happy that our experimental format (quick presentations on why, how, example of use, online handout and discussion) worked! Fellow speakers Greg Hardin, Denise Hyde, Megan Treseder: you were both fun and informative. There is no way we would be able to have stayed on track without our very dedicated program subcommittee member and timekeeper Carlton Nelson. Our volunteers Matt Butler and Ryan Cassidy kindly assisted with taking pictures and facilitating the crowd-- which was essential in making the program run smoothly. Bravo! The program was also sponsored by CULD (College & University Libraries Roundtable) and LIRT (Library Instruction Roundtable) - thanks for your support! ~ Lilly Ramin (DELRT Chair, April 2010-2011)
